Dear Homemakers,

We thank you for the support you have given to HMP Prescoed, and the numerous prisoners you have helped with their resettlement over the past twelve months.

Looking back you have provided placements for over forty prisoners on volunteer work, and over ten paid employment places.

Without the support from organisations like yourselves these prisoners would not have the opportunity to progress back into communities in a controlled manner, or contributing to society through volunteer work.

On behalf of the prisoners would like to express our sincere gratitude for your continued support with the resettlement project.

Yours faithfully,

Mr P.E. Jones,  
Senior Officer of Resettlement.
